**Donations of \$1,000 or more requested to help.**

Tree: A woody perennial plant with one main stem or trunk which develops many branches.—Webster's New World Dictionary

Some folks in town would like to grow many branches with leaves on a tree of life.

To accomplish this, Gothenburg Memorial Hospital Foundation members have kicked off a drive to get more community members to become planned gifters.

Foundation president Luke Rickertsen said anyone who donates \$1,000 now—through payments or a will—will be recognized with an engraved leaf to go on the Tree of Life.

A wooden replica of a tree, with names of givers, is displayed on a wall in the hospital.

Rickertsen added that donations of any amount are welcomed.
