Artwork on display: Three Dudley Elementary second graders were winners in The Strategic Air and Space Museum Holiday Greeting Card contest. The theme was Robot Wonderland. Lilli Tracci (middle) won first place in the elementary division (pre-K through fourth grade), Gage Anderson (left) was second and Hailey Steuben (right) fourth. Tracci received 12 blank greeting cards with her artwork on the cover of each card. The artwork of the other winners is on the back of the greeting cards in the division. Pieces from all the winners are on display in the museum and on its website at www.sasmuseum.com.
