An alleged burglary and a couple of thefts were reported the past week by local residents.

Gothenburg police are investigating an incident, reported on June 25, of someone breaking into a garage, in the 900 block of Seventh Street, and taking several items.

Reported missing were hand tools, a pipe saw, tool chest and air guns valued at an undetermined amount.

An undisclosed amount of money was also reportedly taken from a home at the same residence.

Last Thursday, police were called to Pony Express Chevrolet where about \$140 in battery cores were reported taken from the back of the business.

Police are also looking into the alleged theft of about a \$100 of tools reported missing from a shed in the 200 block of Sixth Street.
