Blede breaks school shot record.

ARNOLD—The Eagle boys racked up plenty of team points in the field events Friday at the Arnold Invite.

After earning nine places in the six field events, Brady coach Rich Britten thought his boys were doing pretty well.

“They never once announced any team standings along the way so unless you were keeping track of all the events as they went along, you wouldn’t know where we stood,” he said.

It wasn’t until the final event was ended that Britten knew the boys finished second.

“I knew we’d score heavily in the field events,” Britten said. “I guess we finished in enough right places in the running to come in second in the team standings.”

Burwell took the team title with 110 points followed by Brady with 77 and Mullen at 63.
